

THE RICARI METHOD

ODYSSEY

BODY | FACE

The two-hour Odyssey treatment is the ultimate luxe experience for rejuvenation. A full hour is devoted to the body and face to boost collagen production, revive circulation, facilitate lymphatic drainage, smooth cellulite, and flush puffy inflammation. The high-performance combination of Icoone draining, firming, and remodeling protocols, enhanced by infrared therapy, bestows a noticeable glow, a svelte physique, and a deep sense of head-to-toe rejuvenation. BallancerPro compression massage therapy amplifies the efficacy of tissue and skin manipulation to further enhance health and beauty benefits. Finish this luxe treatment with potent aromatherapy, CBD Relief Balm, and facial sculpting massage.

GOOD FOR camera-ready, special occasions, complete restoration, face, and silhouette sculpting

ESSENTIAL

BODY | FACE

Tailored to support lymphatic circulation, boost blood flow, reduce inflammation, and activate cellular renewal, the Essential body and face treatment combines customized draining, firming, and remodeling protocols to deeply condition skin and tissue. Infrared therapy enhances cellular stimulation to bestow a powerful sense of lightness in the limbs, reduce stagnation and cellulite, tone lax skin, and calm the nervous system. This deeply relaxing process completes with potent aromatherapy, CBD relief balm, and de Mamiel facial sculpting massage to deeply restore skin and tissue from head to toe. This painless process bestows a newfound awareness of inner mobility, tone, and flexibility, which makes this treatment a mainstay in weekly and monthly self-care routines.

GOOD FOR improving circulation, boosting metabolism, reducing puffiness, facial sculpting

THE RICARI METHOD

FOCUS

BODY

The body Focus treatment restores blood and lymphatic circulation, relaxes the nervous system, and reduces inflammation to support intense nutritional distribution and cellular detoxification. This focused approach provides extra time to tailor Icoone draining, remodeling, and toning protocols to further support specific needs such as digestive imbalance, joint pain, muscle tension, fluid retention, stubborn cellulite, and lax skin.

Beloved for its nourishing health and beauty benefits, our body focus treatment is a favorite for those seeking total body restoration.

GOOD FOR improving circulation, boosting metabolism, reducing inflammation, and additional body focus
